2024 REMINGTON PARK OKLAHOMA BRED DERBY RACE CONDITIONS:

By signing the front page of the nomination form, the signee has read this document and represents and warrants that (i) he/she is the owner of all interests in the nominated horse or has full authority on behalf of the owner or owners of the nominated horse to execute this nomination and bind all persons with a legal interest in the nominated horse to the conditions, requirements, restrictions and waivers set forth on this nomination form and race conditions, and (ii) these conditions shall be binding on any future owner of any interest in the nominated horse.

The nominator, owner and owner's agents and representative understand that OQHRA, Remington Park or the Oklahoma Horse Racing Commission may implement safety or animal welfare protocols or controls over pre-race activities, testing, surveillance, and on-grounds activities ("Protocols") and agree to be bound by such Protocols. If OQHRA deems it necessary for additional assistance in maintaining the integrity of this race all expenses for such assistance may be deducted from the gross purse.

Any prohibited medication positives will result in loss of eligibility to participate in trials or final as determined by Oklahoma Horse Racing Commission (OHRC) or OHRC Stewards. If pre-race examination or substance testing prior to or following a race is refused by owner or trainer of eligible horse and results in the horse being ineligible to participate, there will be no refund of payments. Eligible participants will be required to comply with all hair testing requirements included in these conditions.

- 1. ELIGIBLE HORSES:** Only **Accredited Oklahoma-Bred** Quarter Horse foals of 2021 who are registered with American Quarter Horse Association, and which are owned or nominated by owners who agree to the conditions of this race(s) as follows, are eligible to enter the race. An owner may nominate as many horses as desired. *A COPY OF THE REGISTRATION PAPERS WITH THE OKB ACCREDITED STAMP MUST BE PROVIDED prior to February 15.* No refunds will be made for nomination and sustaining payments paid for a horse that is ineligible to be accredited or which is eligible but has not been properly accredited prior to running of the trials except that any horse that is determined ineligible for accreditation will receive a refund of the original nomination fee if OQHRA is notified prior to the due date for the next payment deadline after the horse was nominated and determined ineligible to be accredited as an Oklahoma Bred racehorse. If one or more nominations are withdrawn prior to the running of the trials, it is the owner's responsibility to specify which horses are being withdrawn and which horses are to remain eligible when making payments.
- 2. PAYMENTS:** Except as provided herein, the failure to make all payments on or before the designated dates will result in a termination of the nomination and all prior nominating and sustaining payments will be forfeited. All payments must be postmarked no later than the due date and should be sent by registered or certified mail. The sender's receipt must be date stamped by the United States Postal Service and presented as proof of mailing if date discrepancies occur. Postage metered dates will not be accepted if payments are not received by the due date. United States Postal Service date stamped metered mail will constitute evidence of mailing if dated, mailed, and stamped on or before due date. Any returned check(s) constitutes no payment. In the event a sustaining payment is late (the "Late Payment"), a nomination of the eligible horse will not be terminated if, on or before the due date of the next immediate sustaining payment (or the entry date if the late payment is the last sustaining payment), the person nominating the eligible horse pays (a) such next sustaining payment; (b) the late payment; and an additional amount equal to the late payment. The foregoing provision will not apply to consecutive sustaining payments. Credit card payments will be subject to a 3.5% convenience fee.
- 3. SUPPLEMENTARY NOMINATIONS:** Late supplemental entry for eligible horses will be permitted prior to trial entry on payment of \$25,000.00 by cashier's check or other immediately available funds on deposit with the Horsemen's bookkeeper at time of entry.
- 4. ADDED MONEY AND PURSE DISTRIBUTION:** The Net Purse for the 2024 Derby will include all nomination fees, sustaining fees, late fees, and supplemental nomination fees less 10% of the foregoing for advertising, accounting, and administrative expenses plus \$50,000 added from Horsemen's Purse Funds and plus \$15,000 added to purse from Oklahoma Breeding Development Fund for Quarter Horses plus \$5,000 per trial from Oklahoma Breeding Development Funds that will be included in the total purse for each trial race. Derby Trial Purses will total \$15,000 per race which includes \$10,000 from the Horsemen's Purse Funds and \$5,000 from the Oklahoma Breeding Development Funds. Trial purse money paid by Remington Park will be distributed in the same manner as overnight races during the meet. The additional \$5,000 of Oklahoma Bred Funds for each trial will pay five places (60%, 20%, 11%, 6%, and 3%). The remainder of the Oklahoma Bred Funds for the Derby final will pay 10 places using the same purse distribution formula as used by the track for the Derby final. All Oklahoma Breeding Development Funds for trials and final will be distributed by the Oklahoma Horse Racing Commission. Interest earned, if any, on the escrowed purse funds after payment of any bank service fees will go to the race administrator. Remaining balance of net purse will be distributed by the Horsemen's Bookkeeper at Remington Park. Derby purse money distributed by track and the OHRC will pay 10 places using the following formula: 40%, 17%, 11%, 9%, 7%, 5%, 4%, 3%, 2%, 2%.

5. SUBSTANCE TESTING: As a condition for participation in this race, all horses nominated to OQHRA administered futurities or derbies (the "Races") will be subject to substance testing by the Oklahoma Horse Racing Commission. Every entry for the trials associated with the Races must have a negative hair test for prohibited substances, within 90 days of the trials for the Races, in accordance with the same pre-entry hair test requirements implemented by Remington Park. Additionally, the top 15 qualifiers for this race, based on trial times, will be required to provide a negative hair test for prohibited substances, after the trials and before entry date for the final for such Races, in accordance with the same pre-entry hair test requirements implemented by Remington Park. A positive report for any prohibited substance or *failure to present a horse(s) for testing at the published date and time* will result in loss of eligibility to participate in trials or final of such Races. If a horse is declared ineligible for any reason, before entries close for the final, the next fastest horse from the same day of trials as the ineligible horse will be moved up. If a qualifier to the final dies or becomes injured (and otherwise eligible to enter the final) that horse will receive last place money. Injured qualifiers must present for testing unless they have received a written waiver from the OHRC Stewards. Test results will be reported to the host track officials and notification of positives will be sent to the trainer of the nominated horse.

By submitting a signed nomination form for this race, by or on behalf of the owner of the nominated horse, the owner's agents and representatives, and the owner's heirs and assigns (including any future owner of the nominated horse) agrees to be subject to and abide by the results of the initial (commonly referred to as the "sample A test") hair testing of the nominated horse and voluntarily and irrevocably waives the following:

- a. Any and all rights to have a secondary or split sample tested,
- b. Any and all rights to a hearing (whether formal, informal, by written submission or in- person) to contest the results of the initial test or the resulting denial of entry in the race, whether a trial race or final race,
- c. Any and all rights to contest, under any circumstances or grounds, the results of the initial test or the resulting denial of entry in the race, whether a trial race or final race,
- d. Any and all rights to challenge the results of the initial test or resulting denial of entry in the race, whether a trial race or final race, directly or indirectly, before any court or other tribunal; and
- e. By their entry into the race, all participants irrevocably waive any legal claim they might have against OQHRA and/or Remington Park, its officers, executive committee members, or its employees arising from or related to the hair testing which is the subject of this paragraph.
- f. A report of the result of an unofficial test submitted as a requirement of eligibility for entry is not admissible for any purpose in any OHRC proceeding arising from a positive report of an official test administered by OHRC.

6. ENTRY: Entries in all races must be made through the entry box at Remington Park Racing Office by closing time for entries in that race. Nominations to the race do not guarantee the availability of stalls at Remington Park Race Track for nominated horses.

7. TIME TRIALS: Remington Park and OQHRA will determine if there are enough entries to conduct one or two days of trials based on possible number of entries for the trials. Horses shall qualify based on time and order of finish. Times will be determined only to the limit of the timer, the only exception is when two or more horses have the same exact time in the same trial heat. Then the order of finish shall also determine the preference in qualifying for the final. Except in the case of a disqualification, under no circumstances shall a horse qualify ahead of a horse that finished ahead of that horse in the official order of finish. Should a horse be disqualified for interference during the running of a time trial, it shall receive the time of the horse it is immediately placed behind plus one hundredth (1/100) of a second, or to the maximum accuracy of the electronic timing device. No adjustments shall be made in the times recorded in the time trials to account for head wind, tail wind, off track, etc. In the event of a timer malfunction of a trial race, the stewards will use the technological aide of video frame by frame analysis to assign times to each participating horse in that trial. Every qualifier eligible to enter the final will be required to remain on the grounds and stabled in the barn area of the racetrack after the trials and until the running of the final.

- **TIES IN TIME TRIALS:** If only one day of trials is conducted and a tie for the 10th fastest time occurs, 11 horses will be allowed to run in the final and the purse will be adjusted accordingly. No more than 11 horses will be allowed to run in the final if trials are conducted. If more than two horses are tied for 10th place, the final two positions will be determined by lot. If two days of trials are conducted the five fastest qualifiers from each day will advance to the final. If a tie occurs for the 5th fastest time at the end of trials for that day, the final position will be determined by lot between all horses with that time. If a horse is withdrawn, scratched, or deemed ineligible for any reason after the time trials and before entry for the final, only a horse that ran in the time trials on the same day is eligible to move into that specific horse's position. A horse from the other day of time trials (if there were two days) is not eligible to move into that position.
